

## Quantum Leaps Lodge and Retreats Pet guidelines

Quantum Leaps is a moderately Pet-Friendly Lodge. If you wish to reserve a spot for your pet at our Lodge we just ask that you respect the following guidelines so that we can continue to accept pets into the future.

- **VERY, QUIET, clean, and healthy dogs are accepted.** We do not allow aggressive and big dogs such as Pitbull's, Dobermans, Rottweilers, etc
- The guest will supply a valid credit card as security for damages
- A **\$25 plus 5% tax per pet per night fee** will be charged (Cats and rabbits \$10/night plus tax).
- **Pets must be kept on a leash in and around the lodge and cottages** at all times! Only at the river are you allowed to let your pet off leash. And even then please be aware that there is wildlife around i.e. deer, elk, bear, salmon, other people etc
- AND we have **Chickens** that we let out of their pen to walk around the property. So please do not let your dog off leash around the buildings.
- Pets are allowed in the following designated areas only the main floor kitchen and balcony of the lodge, in a kennel, and in the Cliff House, NP and SP cottages. Dogs are not allowed on the carpeted areas or **on any of the furniture.**
- If you are leaving your accommodations at any time, please bring your pet with you. **Please do not leave your dog alone in our accommodations.** We are not here to look after your pet.
- Our House is our Cats domain, so we ask you not to bring your dog up to the Managers house.
- **Pets must be attended at all times.** The pet owner is responsible for damages to Quantum Leaps furniture, rugs, bedding etc. caused by the pet at a fee starting at \$50.00
- **PLEASE clean up after your dog.** We have no dogs here so any dog poo left on the property is unsightly and considered pollution (we have extra bags available). Especially down at the River too. PLEASE pick up the poop!
- **Your pet must be under control at all times and be kept quiet.**
- If your pet is causing disturbances or bothering other guests, we may ask you to bring your dog to the kennel just down the road
- If other guests are on the Property, please respect the fact that they may not be enthusiastic about dogs/pets.
- No dogs/pets are allowed during Retreats at Quantum Leaps Lodge.

*Sincerely,*

*Annette and Brian and the Girls (chickens)*
